

Created by God

“Created by God” is a biblically based human sexuality program designed for 5th & 6th grade students and their parents. Participation is open to church members and the community.

“Created by God” is a non-apologetic Christian approach to human sexuality. It will assist families in learning about and embracing the fullness of the life that God intends through the gift of human sexuality.

This program operates out of an understanding that sexuality is a gift from God and that God desires us to embrace this gift in a respectable manner. Content includes communication skills, self-esteem exercises, basic human growth, sexual development and reproduction in a framework of positive relationships.

“Created by God” is offered to 5th & 6th graders and their parents.

Both parents are encouraged to fully participate in Parent Sessions 1 & 2. However, at least one parent is required to participate with each child in these sessions.*
